"To my satisfaction I found on hiring a scooter, they had adopted the simplest solution, taking the cash in a scoop. "

A happy customer.

WE ARE ON THE MOVE!

Birkenhead regeneration is an exciting initiative to make Birkenhead a bustling, vibrant town centre again. There have been many changes that have progressed at a steady rate during lockdown and some parts are now unrecognisable.

However lots of people are now enjoying some form of normality as places open up.

The Mecca Bingo, The Cinema, Europa pool or if you enjoy shopping come and see the huge charity shop that has opened in the old H&M store.

Cafes are open to enjoy a coffee and a bite to eat with friends.

At some point Shomobility will be making a move to make way for the re-development. At this point we are working alongside the council to find a suitable place that covers all of our needs.

We will be in touch with all our members as soon as we know where and when we are moving.

To all our customers born in August.

Wishing you all health and happiness.

Welcome to Dawn's corner. As many of you already know, I love gardening and growing vegetables in my greenhouse. I thought it may be nice to share with you, some of the plants I have been growing.

Watching the fruits of my labour has been ^oenthralling and I have had lots of success with cabbage, turnip, carrots, cucumber and peppers to name a few.

However, I do try to grow something out of the ordinary each year. This year, I am growing a 'loofah'.....yes a loofah ! I bet , like me ,you thought they came from the sea? but no ! they grow on a plant similar to a squash.

It is doing really well since germination. I shall keep you posted as to whether it bears fruit ! Fingers crossed.

Till next time, take care and
Keep smiling Dawn.
